EXPERIENCE

Frontend Developer — Code Rivals
January 2025 – Present

Architected and developed highly responsive, data-driven User Interfaces (UIs) for key company products using React.js and modern JavaScript (ES6+).

Engineered seamless data flow by integrating RESTful APIs and optimizing data handling with libraries like Axios and React Query, enhancing application responsiveness.

Delivered an exceptional user experience by implementing a robust mobile-first, responsive design strategy, ensuring cross-browser compatibility across all major devices.
