EXPERIENCE

Frontend Developer

February 2026 – Present

MSB IT Solutions

- Develop responsive and scalable web applications using React.js, Next.js, and JavaScript.
- Build reusable UI components and integrate RESTful APIs to deliver dynamic user experiences.
- Optimize application performance, responsiveness, and code quality through clean and maintainable development practices.

Frontend Developer

March 2025 – January 2026

Code Rivals

- Developed responsive and cross-browser web applications using React.js and modern CSS frameworks.
- Integrated RESTful APIs and collaborated with teams to deliver production-ready features.
- Refactored existing codebases to improve performance, scalability, and maintainability.

PROJECTS

Doctor Appointment Platform

- Responsive appointment booking platform with doctor profiles, scheduling, and user-friendly UI.

Syssel – Service Marketplace

- Service marketplace connecting customers with providers through responsive interfaces and API integration.

Taskbound – Blockchain Platform

- Blockchain-based task and rewards platform built with modern, responsive web technologies.
